ePRINTit Terms Of Use

ePRINTit privacy terms

-Your GPS location will be sent to ePRINTit or its partners to locate printers close to you. You may turn off GPS.

Using our services

-Print Jobs may be routed through ePRINTit and directed to the print provider, or sent directly from your device to the print provider. When retained by ePRINTit, this data will not be deleted until the print job finishes.

About these terms

-Favourite printers (stored under "Favourites") are only saved on your device. Occasionally the favourite is sent to ePRINTit so print information can be updated.

What would you like to print?

Email	Pictures	Files
Dropbox	Box	Google Drive
OneDrive	Office 365	

7. If you want to print pictures from a text message, you must save them to the phone or tablet first.
8. To print a photo, tap **Pictures** on the main screen of the app, then tap the photo you want to print.
9. To print MULTIPLE photos, tap the **Pictures** option on the main screen, and LONG PRESS each photo to select multiple photos. Then tap the **Select** button at the top to print them.
10. The next screen will try to find printers near you. If the list is empty, tap the button at the top, then tap the printer near Fulton County Public Library on the map.

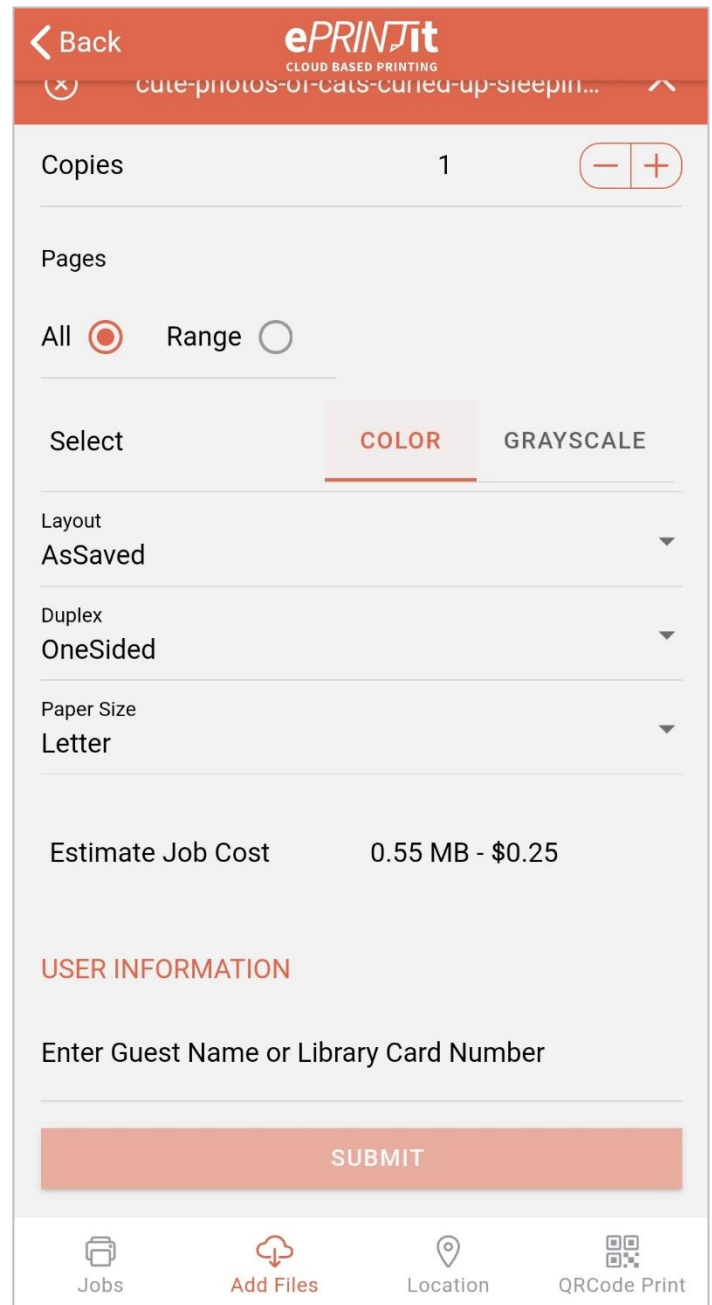

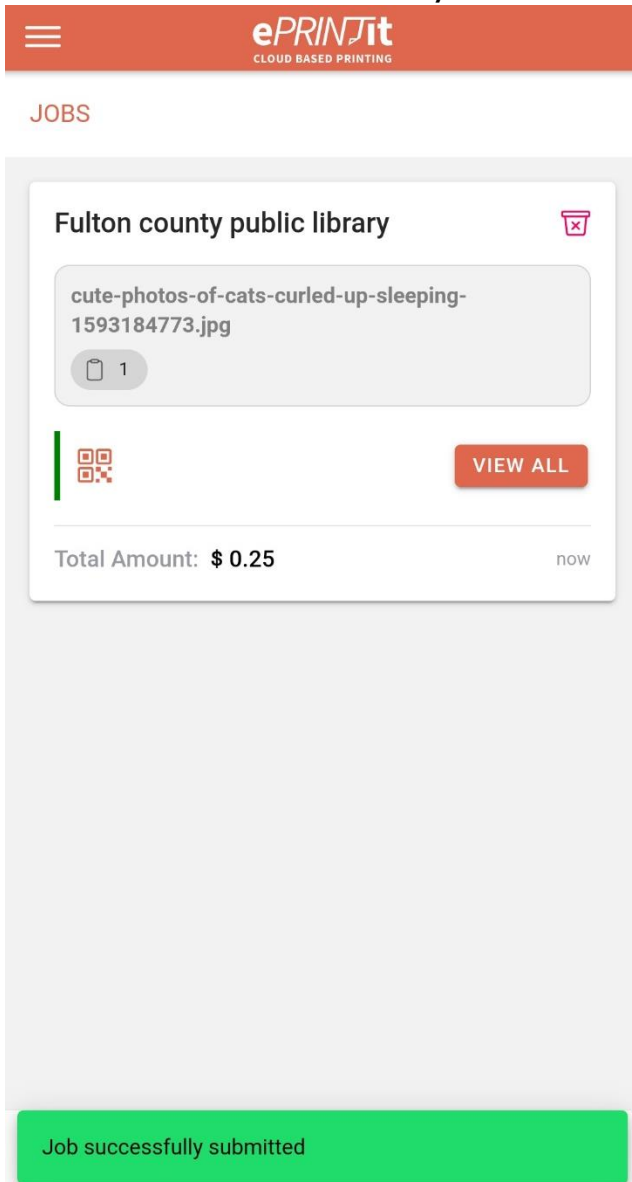

11. Tap the SELECT button at the bottom.

12. The summary page will appear. Tap the **down arrow** next to each picture to change the settings for it, including whether it is color or black and white, orientation, double-sided options, and how many copies to print. It will also give you a price estimate.

13. Enter your name or Library Card # at the bottom, and tap the **SUBMIT** button.

14. The **JOBS** page should come up, with a green banner saying "**Job Successfully Submitted**". Ask a Library Staff Member to retrieve your print!

15. If you have another item to print, tap the Add Files button at the bottom.

16. Ask Library Staff if you have trouble printing.
